Interconnected, Hybrid Ecosystem

Price 643 USDT

Digital loop

Interconnected, Hybrid Ecosystem, Fluid mutations of an interconnected hybrid system” is an AI-driven loop video that channels artificial intelligence to bring to life a surreal and utopian vision of biotechnological convergence. This artwork provides a nuanced exploration of the dynamic coexistence between natural and artificial elements, illustrating an incessant cycle of mutations and interconnections that seamlessly fuse the realms of the natural and the artificial. The dissolution of boundaries between organic and artificial elements takes on a futuristic resonance, evoking a holistic perspective of a world where the synergistic convergence of these systems embodies the essence of advanced sustainability and innovative equilibrium.

Geomagical Botanica:

Price 696 USDT

Vesica Piscis Sunset

Print 61xm x 91 cm + digital loop

"Geomagical Botanica: Vesica Piscis Sunset" is a scanner photography artwork featuring meticulously arranged plants and flowers, including specimens from Lisbon's "Estufa Fria" garden. The symmetrical composition highlights the Vesica Pisces symbol, a seemingly simple yet profoundly meaningful geometric design positioned as the foundational shape from which all other sacred geometry symbols derive their origin. Through the careful interplay of botanical elements and precise geometry, the artwork invites contemplation of the foundational symbolism that underlies all sacred geometry.

### Nature's Iris

Print 61xm x 91 cm + digital loop

"Geomagical Botanica: Nature's Iris" is a scanner photography artwork featuring meticulously arranged plants and flowers, including specimens from Lisbon's "Estufa Fria" garden. The composition is deliberately geometrical and symmetrical, forming a circular mandala-like structure composed of vibrant plants, flowers, and petals. "Nature's Iris" symbolizes the circular eye of nature, reflecting the beauty and diversity found in the flora captured through the scanner glass. This artwork invites viewers into a world where the eye of nature is a kaleidoscope of colors, intricately woven into a harmonious and enchanting botanical tapestry.
